## No Graduates This Year At School

Coming Of New Eighth Grade Bars Usual Exercises For 45 Pupils

Because an eighth grade will be added when the school reopens in September after the vacation season, there will be no formal graduation exercises for the 45 pupils of the grammar school who will leave the 7th grade at the end of the school term next Friday.

Though 45 members of the 7a class at the school put away their books for three months and say goodbye to S. E. McElfresh, their teacher, a majority of them will return in September to continue their studies in the 8th grade. One teacher and possibly two will be selected to instruct the new class.

Twenty boys and 25 girls are included in the 7th grade roster, and although there will be no formal exercises or plays for the youngsters smaller parties are being planned.

Completing the seventh grade next week are Sidney Brock, Arnold Brown, David Buchanan, Chester Cohen, William Dawson, Harland Eubanks, Donald Fairbanks, Richard Jenkins, Stanley Levine, Allen McLeod, Norman Munzinger, William Murphy, Allen Rhodes, Fred Richter, Yosef Rogat, Goodrich Simmons, William Simmons, Bruce Stansfield, Nathan Wallenstein, Ralph Williams, Marilyn Albright, Marion Bellah, Marion Carleton, Gloria Cromwell, Esther Davis, Janet Gerschler, Grace Hart, Ada May Hill, Joanne Hinkley.

Mary Irish, Floretta Keith, Theresa Keys, Aiko Kunihiro, Geraldine Lloyd, Audrey Maiben, Mary Louise McLeland, Mary Nishiyama, Louise Osti, Maveta Preston, Helen Stewart, Mervel Mae Weese, Mary Wilson, Margaret Young, Valere Walsh and Betty Shrader.

## Firemen Start Out To Interest Folks In Their Party

Twenty city firemen in uniform will turn out tomorrow and call on citizens of Sierra Madre for the purpose of interesting them in the firemen's annual summer dance and card party to be held at the Woman's Club Saturday night, June 17. Proceeds of the party will go into a fund for the repair and replacement of firemen's uniforms and clothes destroyed while combating fires, whereas the proceeds of the firemen's Christmas party go entirely to the children's Christmas party on Christmas eve and the distribution of Christmas baskets to the least fortunate of the community.

Because their services are given without pay and are so efficiently rendered that Sierra Madre now enjoys an insurance rate comparable with cities having well paid departments, firemen and their friends believe the public should respond generously at the one time during the year they ask something for themselves.

## Regional Forester Will Speak On Flood Control

Sierra Madreans will have an opportunity to hear S. B. Snow, regional forester, Forest Service, U. S. Department of Agriculture, discuss upstream flood control studies at the planning conference of the County of Los Angeles on conservation today and tomorrow in Pasadena Civic Auditorium.

The meeting will climax National Flood Prevention Week, which started last Wednesday. Since upstream flood control is the subject discussed in the national observance, Mr. Snow's address is particularly important. It is pointed out in work of upstream flood control, together with alleviation measures, is directed toward regulation of streamflow and prevention of erosion, the secretary of agriculture is charged by law to look into conditions of watersheds which may contribute to floods and to carry out programs for their control.

## Ascension Church Holds Its Annual Picnic Sunday

An all-day picnic for members of the Church of the Ascension and their families will be held at Covina park Sunday, following a 9 o'clock service at the local church with men, women and children, dressed in day clothes ready to spend the day out-of-doors. The children's choir will sing the service, marking the end of the church Sunday school for the summer.

Although the idea of an all-day picnic has been carried out for many years, it was formerly held on week days. This is the second year it has been held on Sunday, following church service. Dr. W. B. Hegerty said.

## Valley Towns Unite For Celebration Of Independence Day

Sierra Madreans won't have to go far to celebrate an old fashioned Fourth of July. The city is joining 20 other San Gabriel communities sponsoring the second valley celebration at Santa Anita County Park in Arcadia. Plans for the program in charge of the Arcadia Chamber of Commerce and Arcadia American Legion Post call for an all day celebration and a gigantic fireworks display in the evening. Twenty-nine competitive athletic events have been scheduled, among which will be aquatic events in the park's swimming pool. No admission will be charged and the fireworks display will be free. Picnic tables for thousands will be placed in the shade of gigantic oaks.

## Diplomas For 67 Students In Rose Bowl

Sierra Madre's Graduates At PJC And Wilson Hi In Great Pageant Thursday

Twenty-eight Sierra Madre graduates of PJC and 39 from Wilson Jr. High will be among the thousands who will receive diplomas at the colorful graduation exercises in the Rose Bowl next Thursday evening. There is a possibility that some of the 28 PJC candidates from this city may fluke in the final examinations now under way, but school officials believed yesterday all had better than an even chance to come through.

Most pretentious of many spectacular stages which have been used in Pasadena school graduation exercises in the Bowl is now being erected on the south end of the playing field preparatory to the exercises June 15. The set, 120 feet in diameter and spiraling to a tower 60 feet high, represents life in America and pictures in symbolic form the deserts, prairies, mountains, sea and cities.

## Adoption Of Cordell Hull's Neutrality Plan Foreseen

The best Americans can hope for in the way of neutrality legislation at this session of Congress is acceptance of the program of Secretary of State Cordell Hull, in the opinion of Dr. Washington, D.C. daughter of Mr. and Mrs. Ray O. Calkin, who spent a few days here this week, en route to Mills College where she will conduct a series of lectures dealing with modern economic problems. Slight hope of legislation in favor of the bill sponsored by Senator Key Pittman is foreseen by Dr. Brunauer, who believes that some action will be taken in regard to Japanese policy, along the lines advanced by Senator Pittman.

Speaking informally to a group of Sierra Madre friends at the Woman's Club Wednesday morning, Dr. Brunauer commented on the potential strength of Women's Clubs, which she believes will be increased by the activity of younger members in their ranks which is now noticeable in many eastern organizations. A renewed interest in American history among Americans is also noted by Dr. Brunauer in the recent prominence of historical motion pictures.

## Girls Wear Formals As Junior Women Install Officers

A 7 o'clock pot luck supper last evening preceded installation of Sierra Madre Woman's Club Junior officers. Mrs. J. H. Robertson installed the girls, dressed in formals. The ceremony took place in the Junior's room at the Woman's clubhouse. New president is Jane McElwain, vice president, Barbara Heasley, recording secretary, Evelyn Solury, corresponding secretary, and Greta Patterson, treasurer.

## Local Fisherman Gets 4-Foot Shark

Nothing less than a 100 pound shark was caught by Marshall Mendel, son of "Happy" Mendel, on a fishing trip off Newport Beach, Tuesday, May 30. Marshall, with Frank Lovell and Joe Belohlavek, had gone out for the day, and pulled up the shark which stood four feet high.

## Play Honors Graduates Of St. Ritas

Whole School Joins In Presenting Beautiful Three Act Cantata

St. Rita's school auditorium was the scene last evening of a charming and colorful operetta, "Kay and Gerda," presented in honor of the school's graduating class. Vocal numbers by the grammar grades and the rhythm band of primary children added to the enjoyment by the audience.

The three act cantata told the story of Kay and Gerda, two devoted playmates who were separated by a Snow Queen. Gerda in search of Kay who was taken to the Snow Queen's palace, meets with various adventures on her way. Through a flower charm she melts the heart of Gerda, frozen by the Queen.

Florence Osterhout took the part of Gerda; Jack Colligan, Kay; Patricia Davidson, Snow Queen, and Shellah Colbert, witch. Other pupils in the cast included A. Hinman, J. Hill, A. Barela, E. Colbert, L. Kennedy, P. Armstrong, R. Bauman, P. Hill.

Flowers were portrayed by D. Thill, D. Fellers, C. Colligan, E. Fracaroli, J. Guardia, C. Hill and C. McElwain. Six children, J. Kinney, C. Barela, L. McGuire, L. Meunch, V. Behrens, and D. Colligan were snowflakes; and angels were played by A. Bradley, F. Fracaroli, I. Cronin, S. Mazon, and E. Sanchez. I. Hopper, J. Creighton, J. Hill, D. Hastings, M. Varela, B. Newberry and B. Thill were arches, and R. Newberry, W. Newberry, J. Thill, D. Colbert, M. Creighton, W. Kinney and W. Guardia took the part of men and women. Robbers were played by F. Yehle, D. Duran, W. Kinney and W. Guardia.

## Paving Materials Must Be Bought Through The County

Where municipalities use gasoline tax money for street paving it will be required that they purchase paving materials through the county purchasing department, the city council was advised on Tuesday in a letter from Supervisor W. A. Smith. The council was irked at the announcement but restrained its disposition to inform the supervisors of its displeasure because of a clause in the letter which would permit cities to continue buying materials in the open market provided they can buy at a less figure than through the county. The supervisors take the position that buying in large quantities they are able to secure a better price than the cities, many of which have written the board expressing their indignation and demanding the right to "patronize their local dealers and merchants. The council laid Mr. Smith's letter aside for further consideration.

On motion of Mr. Schwartz a new street light was ordered placed on Highland avenue near Baldwin.

A permit was issued to a carnival company to operate a carnival on the vacant lot at the foot of Auburn avenue for five days, beginning next Tuesday, with the proviso that all music and noise making devices close at 10 o'clock each evening, except Saturday. The carnival is sponsored by the Chamber of Commerce.

## Big Days, Big Events At Hollywood Race Track

Saturday, June 10, brings the second running of the \$5000 added Long Beach handicap at Hollywood park, now in the midst of a 44-day summer race meeting, to be followed on Wednesday, June 14, (Flag Day) with the Bel-Air handicap. This day has also been set aside as American Legion Day. Thousands of Southern California world war veterans are expected.

Hollywood Park's stables are now packed to capacity of 1250 horses and an overflow of nearly 300 are stabled at Santa Anita. Many of these high priced and famous thoroughbreds are pointing for the American Handicap with a \$15,000 added purse to be run July 4; the \$25,000 added Hollywood Derby billed for July 8; the \$50,000 added Hollywood Gold Cup set for July 22 and the Alida handicap with a \$15,000 added purse, listed for closing day on July 29.

## Order Father And Son To Leave City

Two Sierra Madreans, father and son, were arrested Sunday evening for disturbing the peace, and were sentenced to 60 days in the county jail by Judge T. W. Neale, with sentence suspended on condition that they move out of the city. Tony Lopez, Jr., and his father, Tony Lopez, Sr., living at 38 Auburn avenue, had appeared before the Sierra Madre court on numerous occasions. They were given 48 hours to find a new home out of the city.

## Parents Urged To Curb Dangerous Practice Of Kids

Four grass fires started by children throwing matches into weed covered lots has resulted in the assignment of several members of the fire department to watch for mischievous youngsters who through their thoughtlessness may cause untold damage. The firemen are appealing to parents to caution their children against this dangerous practice. Alertness of neighbors in the vicinity of two weed covered lots on Grand View avenue prevented two serious fires this week. They saw children throw lighted matches into piles of dry weeds prepared for burning by city crews and telephoned the department which was able to snuff them out before they became any headway. Saturday morning two similar incidents were reported from other sections of the city and in both cases members of the fire department were able to put out the fire without alarms being turned in. This was considered just sheer good luck. Two children, one six and the other seven years, were taken to the police headquarters on account of their extreme youth it was impossible to take any action beyond advising their parents and making "recommendations."

## Kiwanians Fined For Their "Crimes" Of The Past Year

Kiwanis Friendship Week was observed in a big way at Tuesday club meeting when 31 guests from Alhambra and two from Ontario swelled the attendance to 75. "Friendship and service" is the motto of Division 10 clubs and Sierra Madreans did everything possible to show guests at their inter-club meeting that there is something behind the motto. Informality and "horse play" characterized the program with a "court of no appeals" creating much merriment. Attorney John Fitzgerald acted as judge. Fines were assessed for "crimes" committed during the past year.

Ray O. Calkin, postmaster, was "fined" for operating a business without charging a sales tax or allowing discounts; R. C. Lewis, bank president, for heading a company that hoards money; and Frank Spencer, for operating a newspaper route without a franchise.

Virgil Truman will be principal.

## Gay Scenes On School Stage Tomorrow

Beautiful Fantasy Will Be Presented By Large Group Of Children

A gay gypsy troupe in brilliant costumes, small boy and girl entertainers, clever dancers and a mysterious radio broadcast are just an indication of the entertainment in store for Sierra Madre tomorrow evening at the grammar school auditorium when the creative studio of Mme. Marion de Beaulieu presents a fantasy, "Selfish Giant," adapted from the story by Oscar Wilde. It is the tale of a giant who returns to his garden after seven years and angered to find that children have used it as a playground, builds a high wall around it. Because the giant shuts out little children, representing joy and love, winter comes, with frost and snow. Jack Frost is played by Lindy Wade, through the courtesy of MGM pictures, with Snow Balls, Princess Snowflake, giant icicles and an entourage of dancers completing the scene.

Queen of the carnival is four and one-half year old Christina Coyle, one of Paramount's finds. Bob Ward plays the part of the giant, with Ernestine Easterling, Lorraine Melvin and Dale Spinks taking prominent parts.

Other pupils participating are Jeannie Maltby, Barbara Luz, Nancy Lorenzini, June Rosen, Sara Lee Gross, Norman Green, Don Luz, Carol Lee Hill, Nancy Welch, Johanna des Plantes, Helen Greenberg, Rose Marie Peak, Alberta Myers, Phyllis Jean Leatz, Peggy Delbridge, Vincent Coyle, Fred Krimke, Marilyn Plan, Virginia Embree, Barbara Collins, Marguerite Adwell, Jerry Lloyd, Florence Rosen, Dorothy Alley, Betty Spinks, Jean Hill, Patti Hill, Alberta Myers.

The entertainment will start promptly at 8 o'clock, with no admission charge. Accompanists will be Leila Embree and Frances Robertson. Assisting Mme. de Beaulieu are Richard Prosser, stage manager; Clay Reavis, assistant, and Frank de Beaulieu, designer of settings.

## Ask Old Glory Displayed At Every Home

Importance Of Next Wednesday Stressed By National Flag Conference

That an American flag will fly or be displayed in every home and business, house in Sierra Madre next Wednesday, June 14, is the ardent hope of the local patriotic and veteran's organizations. It is Flag Day throughout the nation and because of the delicate situation in world affairs the National Flag Conference is stressing the importance of every family showing its loyalty and devotion to Old Glory.

At the request of the Conference and the American Legion Auxiliary THE NEWS will display a copy of the flag code so that those obeying the patriotic impulse may know how to correctly display the colors.

## Woman's Club To Make Film Tour Of India

Major G. W. P. Money, who for 25 years was stationed in India with the Indian Army will show motion pictures he made in the Himalayas, the Vale of Cashmere and other regions of interest, before his retirement, when he appears at the morning session of the Woman's Club next Wednesday. At the afternoon session Capt. A. A. Roemer of Monrovia, will speak on "Your Money or Your Life."

## Ban On Fireworks To Be Rigidly Enforced

Not only will the usual ban be placed on fire crackers and fireworks in Sierra Madre over the Fourth of July but the law prohibiting their use here will be enforced this year more rigidly than ever before, because of the extreme hazard caused by the dry growth in the forests, according to the police and fire departments.

## Paving Of Two More Streets Ordered By City Council

When street paving is completed on Mariposa avenue between Hermosa avenue and Lima street, work will start on two other thoroughfares, material costs for which have been deposited in escrow at the Sierra Madre Savings bank by property owners. Curbs and sidewalks have been installed on Mariposa avenue and within a week or ten days, it is expected street paving will be completed.

Manzanita avenue to Park avenue to a point 392 feet east; and Park avenue between Ramona avenue and Orange Grove avenue, are next in line for curbs, sidewalks and paved street. The city council having ordered the street department on Tuesday to begin the work as soon as possible.

## Morphy Day Program Is Announced

Greatest Chess Tournament West Coast Has Ever Had Expected Here June 24

What has developed into the largest and most popular chess event on the West Coast will take place at the Sierra Madre city park, Saturday, June 24. This will be the tenth annual Morphy Day, a contest that has brought about 400 chess enthusiasts to Sierra Madre yearly since the annual event was inaugurated by the late Judge Charles W. Forman.

Attendance at this year's carnival is expected to exceed all previous years since it will be not only a day of pleasure but a tribute to the memory of Judge Forman.

A feature of the day will be a match at 1:15 o'clock between Ventura and Santa Barbara counties and Riverside and San Bernardino counties. First events scheduled for 1 o'clock will be simultaneous, 15 boards, by Dr. M. Scholtz, and a blindfold exhibition by E. Spero.

A selection will probably be made next week. Teachers from Westwood, UCLA and Glendale were included in the group, as well as Mrs. Dorothy McBurney, who is finishing out the present term for Mrs. Gladys Carter, who resigned last month.

## Wants Bids For Electric Franchise

Myers Files Protest Against Edison Grant With Promise Of Referendum

Notice that he proposes to submit a bid for an electric light and power franchise was given the city council Tuesday evening by Al S. Myers, former city business manager. A letter submitted by Mr. Myers contained notice of his intention, an invitation to the council to advertise for bids for the franchise and a warning that if a franchise is granted the Southern California Edison Company will cause the circulation of petitions calling for a referendum.

Before the letter of Mr. Myers was read, a telegram from Andre B. Nordskog of 1611 North Harvard blvd., Los Angeles, was received, in which the council's right to grant a franchise to either Myers or the Edison Company was challenged. "I beg to advise that your council is without constitutional authority to grant a franchise to the Edison Company or Myers. Heeding friendly warning may save jeopardizing the council. The writer will prove case if called upon," the telegram said. Nobody on the council, City Attorney Dunn or Mr. Myers was able to identify the sender.

Quoting figures showing what purported to be the earnings of municipally owned light and power plants in several communities, Mr. Myers in his letter said, "After due consideration of these facts I am sure your honorable body cannot help but choose to advertise for bids under the Broughton Act... since the city has all to gain and nothing to lose by such procedure, and it gives all interested parties an equal chance to secure this most valuable franchise." Mr. Myers advise that his bid would propose the erection of poles only on private property, double the return the Edison Company proposes to make to the city, increase the local payroll \$10,000 a year and \$60,000 during the period necessary for construction of a light distribution system, decrease cost of light and power to all consumers, turn over to the city both the plant and distribution system at the end of 30 years and "other valuable concessions I prefer to disclose at the proper time."

Later in his letter Mr. Myers said he wished his letter to be accepted as a formal protest against granting a franchise to the Edison Company and in the same paragraph announced his intention to call for a referendum as provided in the Broughton Act in the event the franchise is granted. The council has fixed 8 o'clock next Tuesday evening in the council chamber as the time and place for hearing objections to adoption of a pending ordinance granting a franchise to the Edison Company.

## Return Ward To School Board

Wins By 3 To 1 In Largest Vote Cast At Like Event Here In More Than Decade

Approximately 22 per cent of Sierra Madre's 2218 registered voters turned out Friday to cast votes in the school board election, when Edwin W. Ward, Jr., polling 342 votes, defeated Edward A. Lavey for whom 146 votes were cast. Mr. Ward now starts his third term as a member of the school board, second term as its president. It was Mr. Lavey's first venture into local politics.

A total of 488 votes were cast in the election, the largest vote in the last ten year period, according to Los Angeles County Superintendent A. R. Clifton's office. This year's vote topped the previous high of 431 votes in 1930 when Mrs. Cecily A. Allen received all but one of the 431 votes cast. The lowest vote cast for the past ten years was in 1934 when all 33 votes were for Mrs. Ruth Klemme Boward.

Figures for school elections from 1929 to 1939 show that at no time has there been real interest in such important events. In 1929, only 48 votes were cast; 1930, 431; 1931, 82; 1933, 125; 1933, 46; 1934, 33; 1935, 54; 1936, 333; 1937, 73; 1938, 67; and 1939, 488. The only contests in the 10 years were this year and in 1934 when E. D. Robertson opposed Edwin Ward.

There was some confusion again this year over the time the polls closed, with latecomers arriving shortly after 5 o'clock and being unable to vote.

A clause in the county school code states that sample ballots containing the time and place of election may be mailed to each registered voter within the district. Sierra Madre's school board has not taken advantage of this privilege which many believe might be an aid to heavier voting.

## Notes From The Grammar School

Mrs. MacKenzie, 6th grade teacher, was out of school for a few days with the flu.—Nancy Cate.

Monday Mr. Cyester and Mr. Evans came and showed us some moving pictures on beavers, how the beavers are trapped and what their fur is used for. The other pictures were in fire prevention, telling us to read all signs when in forests and to follow directions and not to throw lighted matches and lighted cigarettes into bushes.—Audrey Mabson.

Miss Pfahler, our music teacher, is going to have an "Amateur Hour" today for grades 4 to 7. We will have the last Tooth Templar meeting with the "Amateur Hour."

Four more days of school. Many of the Boy Scouts, Girl Scouts and Camp Fire girls are planning on going to camp, and some of the families are going on trips.—Marilyn Albright.

OUR SAFETY BULLETIN In every town of every size Are the careless and the wise. We can see this every day Where children are at play. Drivers, too, are much the same. Which of them will be to blame In case of an accident? Who will have cause to repent?

### STATE PICNICS

## Case and Comment

By Charles B. Showalter

(Editor's Note: The opinions expressed herein are those of Mr. Showalter and do not necessarily reflect the attitude or opinions of THE NEWS.)

AFTER two days was the feast of the passover, and of unleavened bread: and the chief priests and the scribes sought how they might take Him by craft, and put Him to death. But they said, not on the feast day, lest there be an uproar of the people." (St. Mark 14:1,2.)

From the very beginning of Christ's ministry to this day, Governments have found that when the people follow Jesus, governments have great difficulty in enforcing corrupt and arbitrary rule.

That is why selfish governments have been the worst enemies of religion. That is the motive of the present day authoritarianism in their efforts to destroy the church.

The religion of Jesus Christ emphasizes the dignity and importance of the individual. It is

the foundation of democracy. The philosophy of governments advanced by the dictator nations of today makes the State supreme. The two philosophies will not mix, and eventually one or the other must give way.

The dictatorships of today can not hope to survive except or unless they break the leadership of the church. That is why the ignorant atheists of Soviet Russia cast the church to the dogs.

That is why Hitler has banned the religious radio service of the German churches, restricted the sale of Bibles to a very few government supervised book stores, moved to eliminate ethical decisions from German domestic life by his drive to induce unmarried women to bear children for Germany; seized the palace of Archbishop Sigmund Watz, and driven out into the streets the Catholic primate of Germany. Hitler's oppression is directed not only against the Jews and the Catholics, but all other religious thought in Germany.

A widespread diffusion of religion among his subjects makes a totalitarian ruler quite uneasy. The Word of God is the people's charter of liberty. The Church is, of course, a religious preceptor, but it is also our social and political guide. Such a combination is bound to be a stumbling block to dictatorial ambitions and they immediately become a target of attack.

The religion of Jesus Christ has been subject to attack by tyrants for centuries, and it is still here, stronger than ever. It lives on, and rules the hearts of men because it is "of God." And whenever God is in a thing—it works. It cannot be destroyed, nor defeated, no matter how much puny men, or wicked men, may dash themselves against it.

Herod sought to destroy the Infant, Word of God, and—well, you know what happened to Herod.

The Jewish Sanhedrin sought to stop His message by nailing Him to a Cross, but He emerged a victor over death and the grave and remains with us forever, a living Christ and a compelling force. All the might of imperial Rome was thrown against His disciples, and though a few and scattered, and apparently unimportant, they eventually destroyed the mighty Roman imperialism. That is a victory worthy of note, because all the Hitlers of today could not command the terrible prestige of a Caesar. Yet with all their power and might, exercised with the most cruel arbitrariness they could not halt the growth of this germ of personal liberty and democracy—Christ in us.

From that day to this fools and tyrants have sought to stop Him and destroy His church, but have only succeeded in destroying themselves. When He established His church He declared—"The gates of Hell shall not prevail

against it." To the person who really thinks, it is passing strange, that while we have within our grasp a cure for all our ills—social, economic, political, spiritual—we are yet too blind or too stubborn to use them. For if any nation or any people, including our own, would follow Jesus, there would be no talk of dictators, no insecurity, no unrest, no war or fear of war, no poverty, no debt, no crime. Think it over! It's really worthwhile.

## Daintiness in Women Wins Men's Favor

By PATRICIA LINDSAY

MEN loathe the careless grooming. In fact I think that men are inclined to be more fastidious about us than we are about ourselves! That statement will probably bring an avalanche of mail contradicting me. Well anyway, men do like us sweet-smelling, tidy in our dress and noticeably well-groomed.

It isn't too easy to keep fresh as a flower, or crisp looking as a lettuce leaf. It takes special little rituals. We must bathe more fre-

Fresh as the French countryside from which she comes is pretty Annabella, whose exquisite daintiness is one of her greatest assets on the screen.

quently and more thoroughly. We must think to apply a deodorant powder or liquid under our arms, on our feet and across our backs (if there is where you perspire). Light floral scented colognes help to keep us cool and the alcohol which they contain plays a part in personal daintiness.

But more than that we have to be ever so careful about wearing fresh underthings and hose each day. If you haven't an abundant supply you must form the habit of rinsing yours out each night.

## Job-Hunting Girl Over 30 Has Competition

JUST this week a girl over 30 came to me in sheer desperation. She needed a job and couldn't get one. "I am a secretary," she said, "with eight years of experience here and there. I'm not keen about secretarial work, but I'll take any job. I simply have got to work! Yet every place I apply they more or less tell me they want a younger girl. What shall I do?"

Her plight is a common one to girls over 30 who, married or single, find it necessary to seek employment this winter. When industry slackens, jobs become scarce and applicants for the jobs increase.

It is quite obvious why the younger girl is preferred. She asks a smaller salary, she is more easily trained to the work, she has no home ties to distract her during the day, and usually she is more attractive because she is about 10 years younger! All in all she is stiff competition for the older girl.

## Martyr Type Has No Place

"DON'T enjoy feeling depressed," is the advice Mrs. Richard Mather Boardman gives to women, especially women over fifty. "Almost nothing is important enough to upset one's peace of mind if you look at it squarely. We should enjoy life, for living is fun. Don't make it hard for yourself and for those around you. How much we are inclined to worry over problems which never materialize! You can overcome every difficulty by going a step at a time."

This is the philosophy which Mrs. Boardman practices. And she has reached prominence by living the very rules she teaches the young girls who flock to her unique New York school. Though a grandmother several times, she has the vitality and alertness of a woman half her years and she carries on a busy social life along with the running of a large institution.

Her progress has not been a path of roses. She has met difficulties which would have felled many a woman, but her approach to life has been positive—never negative.

## Legislative Comments

By T. FENTON KNIGHT  
Assemblyman, 48th District

FINAL approval of the drastically amended administration budget Saturday freed a jam of legislative bills that will take expert handling if they are all guided to their proper destination before final adjournment. Many of these measures call for a special appropriation of public funds in order that their objective may be carried out. If any substantial number of these special appropriation bills are passed, it will do much to nullify the work already accomplished by the so-called economy bloc in reducing the budget some \$13,000,000.

In attempting to predict the fate of approximately 400 such measures, still on the Assembly calendar, it must be borne in mind that only 40 Democrats remain in the lower house to cast their vote for the balance of the session. Jack B. Tenney (D) of Los Angeles has been excused for the balance of the session in order that he may attend a convention in the middle west, as has Ernest C. Crowley (D) of Suisun on account of illness of his brother. James M. Cassidy (D) of Oakland, and Wilbur F. Gilbert (D) of Los Angeles are under the care of their doctors and will probably not return to Sacramento this month. Jesse Randolph Kellems (R) of Bell-Air, fifth absent member of the Assembly, sailed for Europe on May 27 after receiving unanimous consent of fellow members to do so.

As every bill must have a minimum of 41 votes cast in its favor before it can be passed out of the lower house, the 35 remaining Republicans have complete negative control of all measures which may be considered on strictly party lines. This happens very infrequently, however, and none of the eight or ten Democrats who have consistently lined up with the economy bloc are included in those who have been excused or are absent on account of illness. It would appear, therefore, with only Assemblyman Kellems absent from the group that has thus far carried on the fight for rigid economy, that any bill calling for a special appropriation of a substantial amount may be expected to fare rather badly.

The trained nurses of California won a single victory for their profession when the bill authorizing the establishment of a State Board to regulate the practice of nursing was approved and passed to the Senate during the week. Two strenuous attempts to amend the bill from the floor of the house were overwhelmingly defeated.

The Yorty Usury Bill, sponsored by the Administration, regulating charges allowable on small loans was approved and passed to the Senate by a large bi-partisan majority. During the week the Senate saw fit to kill in committee the Compulsory Flag Salute Bill, which caused much heated argument when it was debated in the Assembly some weeks ago.

Economists who are wondering just how much longer the world can go on building up its armaments without entering bankruptcy are getting more food for sober thought. We are the richest country in the world, and our \$1,126,000,000 national defense bill for the next fiscal year is the largest in our peace time history. Yet this is hardly a drop in the bucket compared to what Europe and Asia are spending. Great Britain's budget is close to \$3,000,000,000. Japan's is over \$1,500,000,000. France's is about the same as ours. Italy's is \$611,000,000 and will probably be increased. Germany doesn't publish figures of this nature, but her arms expense is huge. Lastly—hold your breath here—the U.S.S.R. has announced a defense budget running to the almost unbelievable sum of \$7,700,000,000. These figures show why the standard of living abroad is steadily dropping. In Germany, it is said, one-fourth of the entire national income goes for arms and public works; neither of which is edible.

If automobile sales are the good barometer of purchasing power they are supposed to be, matters are taking a turn for the better throughout the state. Sales in Southern California for the last month for which complete figures are available, show a rise of 26 per cent over the like month last year, and a rise of 17 per cent in Northern California. Californians thus apparently like the snappy late models, and they've got the money to pay for them.

About 10,000 men and women have recently been given jobs—and they can thank the tourists for them. This is the number that California resorts have recently hired, according to estimates by the State Employment Service. Most of these jobs will last well into the fall and they'll help a great many families through the winter. Hopes are still high that this will be a big tourist year. Attendance at the Golden Gate Exposition is increasing as the influx of visitors from north and east grows.

The cry of "school's out!" spells the beginning of vacation time for young and old as family arguments begin, and mothers discover what teachers have been up against all year. But vacation-conscious Californians are lucky. You can go around the world—in California. If it's deserts you like, we have plenty of them in all sizes and temperatures. If it's mountains you want, California has them, big and little, from the ranges flanking the coastal valleys to the giant timberlands of the national parks. If it's oceans you prefer, either to swim in or to look at, there's one right at the front door, with white, sweeping beaches and majestic sea cliffs skirting it for a thousand miles. And if you want to see the most beautiful fair in the world, why that's right here in California, too. If you haven't yet

gone round the world, now is the summer to try it. You can do it here at home. Versatile California has practically everything!

One midwestern state has 66 "ports of entry" where discriminatory "tariffs" must be paid by out-of-state trucks carrying merchandise.

"Southward ho!" proclaims the direction of the good neighbor policy of the United States. Only recently the government, through Congress extended \$20,000,000 in credit to Brazil, and just last week the United States consummated a pact with Nicaragua granting that Central American republic a \$2,000,000 credit for its development. Remember the days when news from Central America often had a habit of beginning, "The marines have landed and have the situation well in hand?" We're still doing a little shooting down there, but now were using bullets of silver and gold instead, believing that near neighbors should try to be good neighbors!

Hoover, were guests of the Sierra Madre Troops. One of the visiting troop, Guy Matzinger, was presented with a second class award.

Two scouts from Troop 1 were given life scout awards—one of the highest awards before becoming an Eagle Scout. The boys were Harold Brett and Donald Tarr. Awards were presented by William Kennedy, director of camping from Sierra Madre.

Star Scout awards were presented by Robert Newbery, former Scoutmaster of Troop 2, to five boys: Ralph John Capulongo, Russell W. Jensen and Albert Weston, Troop 1; Aress Emrie and Robert Newbery, Jr., Troop 2.

Lyle Stewart received a second class award and John Morgan and Loriston Noble first class awards. They are from Troop 1. Seven boys from Troop 1 and two from Troop 2 received merit badge awards for fulfilling requirements set forth in the official handbook for Scouts. They were Harold Brett, carpentry and safety; Ralph Capulongo, reading, carpentry, woodwork, first aid; Russell Jensen, first aid to animals, personal health, woodwork; Robert L. McCullagh, carpentry, first aid; Loriston Noble, path finding, handicraft, first aid to animals; Donald Tarr, carpentry, first aid, personal health, safety;

Louis Wax, first aid to animals, handicraft. Troop 2 awards were to John E. Colligan, photography, civics, pathfinding, reading; and Aress Emrie, reading.

New expert counselors to the Court of Honor named by Thomas Reynolds were John L. FitzGerald, civics; Charles B. Klunk, plumbing; Robert Newbery, woodwork and carpentry; Mayor W. J. Schiltz, masonry; and Dr. Edward Gordeau, public health.

Pictures of the Scout Camp at Cherry Valley were shown. Camp Director Kenney urged Scouts to register early for summer camps. In the absence of Craig McLaughlin, Scoutmaster of Troop 1, who was graduated from Occidental College that evening, substitutes presented the Congregational Church troop awards.

## Girl Scouts To Have A Court Of Honor

## DELIGHTFUL PROGRAM ENJOYED AT BIRTHDAY PARTY OF CHURCH WOMEN

Ninety-six Sierra Madres and friends of the Congregational Church from Los Angeles attended the birthday luncheon of the Woman's Society at the church on Tuesday, and greatly enjoyed a delightful program arranged by Mrs. Maybelle C. Barker. Twelve

tables, with seasonal decorations expressive of their place on the calendar, were presided over by hostesses responsible for the decorative theme, and each participated in the program.

Beginning with January, Mrs. Claude Allen who was hostess for that month, gave a horoscope for January. Noted people born in February were discussed at the February table by Rev. W. H. Hannaford, where Mrs. Sidney Jewell was hostess. Mrs. C. W. Kinnear was hostess at the March table, where Mrs. J. S. Billheimer gave an Irish monologue. "A Letter from Father Time" was presented by Rev. A. O. Pritchard at the April table with Mrs. R. J. Lord acting as hostess. Mrs. R. H. Pickett presided at the May table, with Mrs. Francis Eakman giving a reading "Let There Be Peace," accompanied at the piano by Mrs. Ben Hinkley.

Mrs. F. H. Hartman was hostess at the June table which presented a mock wedding of a couple who took the advice of their parents, not to be married until financially able. Those participating were Misses W. J. Adwell, L. K. Layton, W. O. Preston, H. M. Wilhelm, Maybelle Barker and Ben Hinkley. July and August were represented in a travelogue by Mrs. H. B. Hersey, with Mrs. A. M. Udell and Mrs. Homer Glidden as hostesses.

Mrs. W. S. Hull was hostess for September and gave "Memories of School Days." Mrs. Waldo Ward, hostess for December, gave an original poem entitled "San Juan Hill." "Thanksgiving" was presented by Miss Lavina Nelson who was also the hostess for November and December hostess was Mrs. Al S. Myers whose part of the program was entitled "Christmas." Mrs. Ben Hinkley and Mrs. Conners L. Twycross prepared luncheon.
